

A1-Ranked Locally Rare Plant Species
(Occuring in Two or less regions in Alameda and Contra Costa Counties)

Allium acuminatum	Carex deweyana ssp. leptopoda
Allium bolanderi var. bolanderi	Carex dudleyi
Allium crispum	Carex globosa
Allium falcifolium	Carex gracilior
Allophyllum gilioides ssp. violaceum (ssp. gilioides is more common)	Carex harfordii
Amaranthus palmeri	Carex heteroneura var. heteroneura
Ammannia coccinea	Carex laeviculmis
Amsinckia vernicosa	Carex lenticularis var. lipocarpa
Anagallis minima (formerly Centunculus m.)	Carex leporina (formerly C. ovalis)
Antirrhinum kelloggii	Carex leptopoda
Antirrhinum multiflorum	Carex ovalis
Argemone munita	Carex pellita (formerly C. lanuginosa)
Artemisia dracunculus	Carex unilateralis
Asclepias cordifolia (A. californica is more common)	Castilleja exserta ssp. latifolia (ssp. exserta is more common)
Aspidotis densa	Castilleja subinclusa ssp. franciscana
Astragalus didymocarpus var. didymocarpus (A. gambelianus is more common)	Castilleja subinclusa ssp. subinclusa
Athyasanus unilateralis (formerly Heterodraba u.)	Cercis occidentalis
Atriplex dioica (formerly A. subspicata)	Chaenactis glabriuscula var. glabriuscula
Atriplex serenana var. serenana	Chaenactis glabriuscula var. heterocarpha
Berberis nervosa (B. pinnata is more common)	Chaenactis glabriuscula var. megacephala
Bidens laevis	Cheilanthes covillei
Boechera breweri ssp. Breweri (formerly Arabis b.)	Cheilanthes gracillima
Bolboschoenus fluviatilis (formerly Scirpus f.)	Chenopodium rubrum
Calochortus clavatus ssp. pallidus	Chorizanthe polygonoides var. polygonoides
Calochortus invenustus	Cirsium douglasii var. douglasii
Calochortus splendens	Cirsium occidentale var. californicum (var. venustum is more common)
Calycadenia multiglandulosa	Cirsium occidentale var. coulteri
Camissonia strigulosa	Cirsium remotifolium
Camissoniopsis cheiranthifolia ssp. cheiranthifolia	Clarkia tembloriensis ssp. tembloriensis
Camissoniopsis hirtella	Claytonia exigua ssp. glauca (ssp. exigua is more common)
Campanula griffinii	Claytonia rubra ssp. depressa
Carex aquatilis var. dives	Clintonia andrewsiana
Carex brevicaulis	Collinsia bartsiiifolia var. bartsiiifolia
	Collinsia bartsiiifolia var. davidsonii
	Collinsia tinctoria
	Collomia heterophylla
	Corallorhiza striata (C. maculata is more common)

Cordylanthus rigidus ssp. *rigidus*
Cornus glabrata
Crassula solieri
(C. *connata* and *aquatica* are more common)
Crocidium multicaule
Cryptantha clevelandii
Cryptantha intermedia
Cryptantha micromeres
Cryptantha microstachys
Cryptantha nemaclada
Cryptantha nevadensis var. *rigida*
Cucurbita foetidissima
Cuscuta indecora var. *indecora*
Cuscuta occidentalis (formerly *C. californica*
var. *breviflora*)
Cyperus odoratus
Cyperus strigosus
Delphinium gracilentum
Delphinium parryi ssp. *parryi*
Descurainia pinnata ssp. *menziesii*
Dichelostemma multiflorum
Dichondra donelliana
Dodecatheon clevelandii ssp. *sanctarum*
(ssp. *patulum* is more common)
Downingia bella
Draba cuneifolia
Dudleya cymosa ssp. *cymosa*
(ssp. *paniculata* is more common)
Dudleya farinosa
Eastwoodia elegans
Eclipta prostrata
Elatine brachysperma
Elatine californica
Enemion occidentale (formerly *Isopyrum* o.)
Enemion stipitatum (formerly *Isopyrum* s.)
Epilobium cleistogamum
Epipactis gigantea
Eragrostis mexicana ssp. *virescens*
Eremothera boothii ssp. *decorticans* (formerly
Camissonia b. ssp. *d.*)
Eriastrum brandegeae (c.f. *hooveri*)
Eriastrum pluriflorum
Erigeron reductus var. *angustatus*
Eriogonum covilleum
Eriogonum deserticola
Eriogonum fasciculatum var. *polifolium*
Eriogonum inerme
Eriogonum nudum var. *pauciflorum*
Eriogonum nudum var. *pubiflorum*
Eriogonum nudum var. *psychicola*
Eryngium articulatum
Eryngium castrense
Euonymus occidentalis var. *occidentalis*
Fremontodendron californicum ssp.
californicum
Galium porrigens var. *tenu*
(var. *porrigens* is more common)
Galium trifidum ssp. *columbianum*
Garrya congdonii
Garrya fremontii
Gaultheria shallon
Gilia capitata ssp. *capitata*
Glaux maritima
Glyceria leptostachya
Gratiola ebracteata
Grindelia stricta var. *platyphylla*
(var. *angustifolia* is more common)
Helianthella californica var. *californica*
Helianthus gracilentus
Hesperocyparis sargentii
(formerly *Cupressus* s.)
Hesperolinon clevelandii
Hesperolinon disjunctum
Hesperolinon micranthum
Heterotheca oregona var. *rudis*
Heterotheca oregona var. *scaberrima*
Heterotheca sessiliflora var. *bolanderioides*
Holozonia filipes
Horkelia californica ssp. *californica*
Hosackia crassifolius var. *crassifolius*
(formerly *Lotus* c. var. *c.*)
Lotus stipularis var. *stipularis* (formerly
Lotus s. var. *s.*)
Hydrocotyle ranunculoides
Hydrophilum occidentale
Hypericum formosum var. *scouleri*
Idahoia scapigera
Isolepis carinata (formerly *Scirpus koilolepis*)
Juncus ambiguus
Juncus dubius
Juncus oxymersis
Keckiella corymbosa

Kopsiopsis strobilacea
 (formerly *Boschniakia* s.)
Laennecia coulteri (formerly *Conyza* c.)
Lastarriaea coriacea
Lasthenia maritima
Lasthenia platycarpha
Leersia oryzoides
Leptochloa fusca ssp. *uninervia*
Leptosiphon bolanderi
 (formerly *Linanthus* b.)
Leptosiphon liniflorus (formerly *Linanthus* l.)
Leptosyne calliopsidea
 (formerly *Coreopsis* c.)
Leptosyne stillmanii (formerly *Coreopsis* s.)
Lessingia nana
Lessingia nemaclada
Ligusticum apiifolium
Limnanthes douglasii ssp. *douglasii*
Limnanthes douglasii ssp. *nivea*
Limnanthes douglasii ssp. *rosea*
Limosella aquatica
Ludwigia palustris
Lupinus affinis
Lupinus concinnus
Lupinus luteolus
Lupinus variicolor
Lycopus americanus
Lycopus asper
Madia anomala
Malacothrix clevelandii
Malacothrix coulteri
Meconella californica
Mentzelia micrantha
Mimulus bolanderi
Mimulus kelloggii
Mimulus latidens
Mimulus rattanii
Mimulus tricolor
Mirabilis laevis var. *crassifolia* (formerly *M.*
californica)
Monardella sheltonii
Monolepis nuttalliana
Monolopia gracilens
Navarretia hamata ssp. *parviloba*
Navarretia intertexta ssp. *intertexta*
Navarretia leucocephala ssp. *leucocephala*
Navarretia viscidula
Nicotiana attenuata
Nitrophila occidentalis
Orobanche californica ssp. *jepsonii*
Orobanche pinorum
Oxalis oregana
Oxalis pilosa
Parietaria hespera var. *californica*
Pectocarya penicillata
Pediomelum californicum
Pentachaeta exilis ssp. *exilis*
Petasites frigidus var. *palmatum*
Petunia parviflora
Phacelia douglasii
Phacelia rattanii
Phacelia suaveolens
Phalaris lemmonii
Phyla lanceolata
Phyla nodiflora var. *incisa*
 (var. *nodiflora* is more common)
Piperia unalascensis
Plagiobothrys infectivus
Plagiobothrys undulatus
Plantago maritima
Plantago subnuda
Pogogyne zizyphoroides
Polygala californica
Polypodium scouleri
Polystichum californicum
Polystichum imbricans ssp. *imbricans*
Potentilla anserina ssp. *pacifica*
Prunella vulgaris ssp. *lanceolata*
 (var. *vulgaris* is more common)
Psilocarphus chilensis (formerly *P. tenellus*
 var. *globiferus*)
Puccinellia nutkaensis
Puccinellia nuttalliana
Quercus agrifolia X *wislizeni*
Quercus garryana X *dumosa*
Quercus garryana X *durata*
Quercus X *eplingii*
Quercus X *jolonensis*
Ranunculus orthorhynchus var. *bloomeri*
Ribes aureum var. *gracillimum*
Ribes speciosum
Romanzoffia californica

Rosa nutkana var. nutkana
Rubus spectabilis
Rumex occidentalis
Sagittaria latifolia
Salix breweri
Salix melanopsis
Salvia spathacea
Sambucus racemosa var. racemosa
Samolus parviflorus
Scutellaria siphocampyloides
Sedum radiatum
Senecio hydrophilus
Silene antirrhina
Sisyrinchium californicum
Sium suave
Sparganium erectum ssp. stoloniferum
Spiranthes porrifolia
Spiranthes romanzoffiana
Sporobolus airoides
Stipa lemmonii (formerly Achnatherum l.)
Streptanthus breweri
Tolmiea menziesii
Torreyochloa pallida var. pauciflora
Toxicoscordion venenosum (formerly
Zigadenus venenosus)
(T. fremontii is more common)
Trianthema portulacastrum
Triteleia peduncularis
Verbena hastata
Viola adunca
Viola douglasii
Viola sempervirens
Zeltnera trichantha (formerly Centaurium
tricanthum)
